

## Scorpion Vision Software® supports Basler Line Scan Cameras

**We are proud to announce support for Basler's fine range of line scan cameras. Tordivel supports the new cost effective GigE based Runner series, the proven L-series and the new Sprint range of fast and high sensitivity Camera Link cameras.**

All cameras are supported 100% by Scorpion Vision Software. The drivers are implemented using the open and high performance Scorpion Camera Driver model.

Thor Vollset, CEO Tordivel AS: "Our support for GigE and CameraLink Line Scan cameras extends the application areas that are targeted with Scorpion Vision Software."

With ease of use exciting opportunities are to be found in food industry, surface inspection and in the PV-Industry."
